The Board believes that a dynamic program of student activities is vital to complete development of the College students. Such activities offer opportunities to serve the institution, to assist in the development of fellowship and social goodwill, to promote self realization and all-around growth, and to encourage the learning and qualities of good citizenship.

To assist in the administration of a student activities program and to provide a framework for communication and review, a procedure for activities programs shall be developed under the direction of the Chief Student Affairs Officer.
